What university issue is most important to you personally?

Student Development

Academic quality

CSE

Impartial

Resisting the rising tuition cost

Allowing hate speech against women, the

Creating non-mandatory or lower-priced meal plans for the incoming freshman or any student not living in Cutler.

LGBTQ+ community, and others under the guise of ,freedom of speech, or ,freedom of religion.

student recruitment/retainment

Keeping the University legacy despite the

Courses required for my degree are no

agenda of current leadership.

longer offered, and potential replacement courses are only offered at the same time

Budget

as other required courses

Budget cuts, lack of student support, and university accreditation.

Tuition and fee increases

Inclusivity

Tuition price

Equality of all students, internationals

Academic quality

included

Having degree programs be funded and not losing my employee dependent tuition waiver.

not getting shut down due to lack of funding before i graduate

Sustaining our campus.

the governor's budget cuts & impacts on programs, scholarships, and services

Seeing the continued success of students at the University of Alaska Fairbanks

Making sure we have the university to go to next year

Funding for the arts

Drop in academic quality

Expensive room and board

Existence of Liberal Arts

Maintaining academic quality and

extracurricular opportunities

Loss of quality faculty and support staff due

to budget uncertainties

University budget situation

Remove mandatory mealplans, chartwells is

a scam.

Quality of the residence halls

services for low income students, in

particular the removal of local bus access

Meal plan system and food prices

Academic Integrity

Tuition Monopoly

Food Insecurity as it is a silent epidemic at

UAF.

Being able to conceal carry on campus

Cost

The lack of full funding

academic quality

One issue Im,Äô directly affected with and

not satisfied with (and seen many others as

well) would be mandatory meal plans for

first years. I don,Äôt think the way you want

to spend/choose food should be forced.

Out athletic programs.

University funding specifically adequate

university funding

Mandatory meal plans make it hard to stay

in college.

Academic Quality

Quality of education and qualifications of

professors.

Lack of school spirit and lack of students

attending university sporting events.

budget cuts and how it's affecting funding,

course decisions, lack of graduate classes,

lack of grad funding, etc

Classes that don't matter being taught by

professors who don't care. Its those useless

classes where the professors and students

are both only there because they have to be. Unfortunately, that's like half the classes I've spent time on here.

Opening the access road down to the wood center roundabout for all vehicles.

Cafeteria issues

Tuition costs, environmental action students experience

The increasing prices of everything UAF related.

Education

Getting rid of the Chartwells Monopoly

My degree program is on the chopping block.

Allowing concealed carry on campus for student veterans.

racism on campus

Lack of resources for upper-division classes

Budget Cuts

Funding

The credits not transferring anywhere. The legal program not being bar certified like

UAA. The forced meal plan and dorm life.

The required title IX training although it had improved from the first year it was

introduced it is still absurd before it was too long took about 2-3 hours to clear the

course repeating unnecessary information

now it takes maybe 15 with no significant information. The lack of warm places for

students to stay at while walking I

understand the busses are available but

students can't always wait for the busses or

miss them so walking from MBS to wood

can be a miserably cold experience. We

need more parking around the Gruening it's

absurd that most classes are offered in that

area but the closest parking pass parking is

the Patty Center you expect students to

walk that cold distance all year round or do

they just want students to pay to park

whittling even more money from them on

top of this the parking pay tolls have weird

times that don't work with classes so

students usually get tickets at least every 7th time parking there.

I want to see unnecessary administrative officials cut, bloated administrative salaries reduced, and professor salaries increased.

Academic quality is why we are here.

Budget

Keeping the campus safe

Parking

ASUAF is a complete waste of student money. Please dismantle this atrocity.

Sexual Assault Prevention

Academic quality

Career support/guidance

Research opportunities

student rights

GPS on shuttle

can't really think of one at the moment

Slippery walkways

Inability to roam freely throughout the campus, as I am accurately allergic to

essential oils being diffused in the air -

limits my Freedoms to enjoy campus living

Budget cut

none

I would like to see a Mental Health support group.

Extracurricular educational funding for clubs

Rising tuition and housing costs

Funding

financial

Funding, accreditation, and future

prospects of education and academic

programs

Off campus student resources

The food is absolutely the hardest part

about going to school here

not having my degree program shut down

Mandatory Meal Plan/Live on Requirement

UAF aspires to make the campus more

diverse by putting a large emphasis on the

LGBTQ+ community. What they don't

realize is that they force feed it to us which
in turn discriminates against those of us
who don't agree with their beliefs/lifestyles.
However, we are essentially forced to
change our mindsets to avoid criticism or
unfair treatment from students and staff.
racial issue
Keeping my current degree as an
undergraduate program at the University of
Alaska Fairbanks (Geological Engineering)
Academic quality
transportation
Academics
Students with disadvantageous
backgrounds
The competitiveness
The fact that its going down like a ship
Title ix handling cases poorly
Safety
Mandatory meal plans and lack of a bus
tracker
I wish we could have shuttle tracker back

Budget cuts
Funding for our education
Chartwells
Academic Quality; Fixing repeat issues with
certain professors
Academic quality. My graduate geology
classes have all been repeats of classes I
have taken during undergrad
Financial management and academics
I wish there was more filling snacks
available in the vending machines
Having decent equipment (computer lab in
music 305)
Accessible classes for non-traditional
students
Accountability for the leadership
Academically
Keeping academics/school affordable
Good professors, course selection, meal
services, also wish they would open the
connector road by the wood center.
Advocacy by the university for the students

Poorly designed polls
quality of academics
security
Having a strong academic repertoire; the university should be the top choice for all in-state students, as well as being a magnet for out of state talent
Getting a good education
I feel mandatory meal plan is not necessary.
the quality (or lack of) instruction given in the math and engineering dept
N/A
Food
Funding
Professor enthusiasm
lack of academic quality, treatment of faculty
Academic quality and equal opportunity
Having the meal plan blocks disappear on sundays
It would be nice if there were more healthy food options.

Academic quality and interactions with working professionals
Reinstating the economics program
keeping uaf engineering separate
Title IX and safety of students
Academic Quality. My personal opinion is that I came to UAF in part for the quality of education I would receive, most likely a high quality education regardless of which field I picked. I didn't pick UAA because UAA has useless degrees, and most of their degrees aren't up to the standard expected of a employee entering the job force after college, save a very few degrees from UAA.
Support from staff/professors/supervisors when dealing with title ix issues
academics
Funding for smaller degree programs
available online and evening classes
Tuition
Safety

Availability of diverse classes in my major and minor fields of study.

Tech updated in smaller classes such as chem and math lab. Functions but a new layout and faster machines would be nice.

Food plans are outrageously expensive and required, but blocks are only worth \$7 anytime except dinner and giftcards down to \$5, but you can't save blocks for next weeks.

student fees

very reliable and I wanted my vote to count

Is there anything else you would like us to know?

N/A

Get rid of mandatory meal plans. I have wasted literally thousands of dollars in just two years of being forced to purchase one because I live on campus. We are adults who can decide how to feed ourselves and whether or not we want a meal plan. Also, thank you for all you do to empower the student body and give us a voice!

No.

Mandatory meal plans are theft. The stoppers on the rails to prevent sliding are offensive. also who put all those "Keep CLA Weird" fliers around? Is anyone working this case?

Please work together with other organizations to ensure that we can track busses on campus. This includes UAF Honors College, Alaska Center ICE, and others.

meal plans are a complete and utter scam and every time i see an ad for one my dislike of university food services grows. food is already over priced on campus, and the concept of a meal plan is laughable. "hey how would you like to spend an exorbitant amount on food, and we'll even turn your money into monopoly money that you can ONLY use for food on campus, and then we'll shove it down your throat at every turn that in fact you should be giving us even more money for a food plan." You wanna know how i gained 50lbs my first year here? a mandatory \$2.5k/semester meal plan. i spent SO MUCH on food, and i honest to god didn't even use it all up, and the thought of letting it expire and go to waste was unthinkable. TWO AND A HALF THOUSAND DOLLARS. Im still fuming that I was forced to do that. MEAL PLANS ARE A SCAM STOP ADVERTISING THEM TO ME I

WILL NEVER EVER EVER EVER BUY ONE
AGAIN

People use the MAC Bus Program more than what is expected. If we can't get the service for free anymore, would a discount be possible as a UAF student?

I would love if you continue to provide the free MAC buss pass.

-The revocation of MAC bus access is unacceptable and I am disappointed that ASUAF has not acted to correct this. The shuttle service by the university is not adequate and ultimately seems to cost students more than if we just got rid of the off campus shuttle service and restored access to MAC buses for students. In addition, while I can see that some on campus service may be necessary for differently abled students, it is largely useless without the shuttle tracker and I regularly wait longer than 15 minutes without seeing a shuttle go by. I might use

the shuttle more if it could actually be depended upon to get me across campus faster than I could walk, but I would reiterate that I think MAC bus access should be the first priority for transportation services. -This election seems a bit pointless when there is only one candidate on the ballot for each position, but I do appreciate the chance to share my opinions. -The coffee machine in the ASUAF office was producing undrinkable watered down coffee and I was ignored when I tried to bring this up to people in the office. I don't know if it has improved because I stopped trying to get coffee there after that.

Nanook the Polar Bear

Can we have emotional support animals, dogs, come visit campus during finals week?

The loss of the privilege to use the bus for free as a college student is ridiculous.

DOWN WITH SENATOR RAMSTAD

Nope!

No

We need more school spirit more school events that bring students together and to sporting events.

The shuttle tracker was discontinued due to budget cuts. Many of the other students and I are unhappy that the shuttle tracker is no longer in use. There should at least be a less expensive solution. Not knowing when the shuttle is coming can cause unnecessary waiting, class lateness, as well as walking and waiting in the cold or dark which is dangerous. If ASUAF could do something about this issue it would greatly benefit the students living on and off campus.

Get rid of mandatory meal plans

N/A

Please bring back the shuttle tracker. We as students pay a fee for those shuttles to run and we deserve to know when it is getting close to our location. We haven't gotten really cold weather yet and I would prefer

to not have to walk across campus to get to my class on time in -40 degree weather.

Pay less for meal plans please. I also don't like mandatory meal plans for people living in cutler

n/a

University waste lots of money and time on poorly run classes, the UAF student organization focuses on nonsense instead of addressing the real need for serious reforms to the administration of the school.

Why are all these buttons check boxes instead of radio buttons? i.e. I can select multiple answers even when it doesn't make sense

No

Stay frosty

No

Please cancel ASUAF. It is a complete waste of my money and time.

You all are doing a great job!

Limit the use of essential oils being discussed throughout campus especially in the common areas or public offices such as Bursars, Library, offices below Woods, and so on, as I cannot roam in those areas due to acute sensitivity essential oils

Get us our bloody shuttle trackers back.

No

Have a Good Day!!

The question that asked what kind of student we view ourselves as (with selections such as 'non traditional student, Alaka Native student, traditional undergrad, etc) said to check all that apply but would only allow one choice.

no

Nope.

nope

Audrey for President!

nope

I go to the CTC for Human Services. I don't go on campus anymore, but when I did I

appreciated the shuttle services and food services.

UAF has lost focus of its academic and has only focused on research. I cannot recommend this school based on my experience.

Yes uaf has an incredible capacity to charge students over the top fees. I've never met anyone at any university on the west coast paying so much in fees. It's insane. There must clearly be a mismanagement of money. Our graduate student health insurance is a joke, it hardly covers anything and I've met students who have had to fly to a foreign country to get a tumor removed as or insurance can't even cover such vital procedures. There is no physical therapist in the health center despite the fact that athletes get injured constantly, and the health center is the only place graduate students can use their insurance free of charge. Additionally dental

procedures are not covered by the plan.

It's pathetic.

Do something about the film department funding. We're highly underfunded and our computer labs are dying preventing us from progressing on any projects in editing, script work, and set design.

No

Please open the connector road between the honors house and the wood center, it would make everyones life easier.

N/A

NO

Her name is Riley

Nope!

I don't use the shuttle because I don't know when it is coming. Mandatory meal plans are bad, especially considering the poor quality of the food. Love you guys

No

Nop

Thanks for making UAF a good place to be!

meal plans should not be required in cutler when there is a kitchen in the apartment

It may be helpful on the next ballot to explain a small sentence about the issues in the question "What university issue is most important to you personally?" I am unsure what some of these even are/mean.

I attend regularly scheduled face-to-face classes as a distance student. Student fee structures are not set up to accommodate distance students in these classes. This is a great source of students for UAF, but the student fee structures are not fair.

Do you guys ever go to faculty senate or staff council meetings? If not, you should be. Also, Is the SRC board still a thing?

Again, it should be.

I was really happy to see a ASUAF booth here at CTC. I was disappointed that i only saw the booth at the end of the semester.

Emma was wonderful and answered all of my questions. This is something i am

interested in, and unfortunately i have to wait until next semester. Ill see you then.

Not really

MANDATORY MEAL PLANS ARE A SCAM

I think it is unfair to require students living on campus to buy a meal plan. I do not eat enough to spend the suggested amount of munch money per week, so my options are to over eat, donate my food or let the munch money go to waste. As nice as donating sounds, I am not in a position to be donating, nor am I in a position to be spending money on a meal plan that I do not fully use. Also, apart from the ,ÄúAll You Care to Eat,Äù at Dine 49, much of the food is over priced.

no.

Good Luck!

I think it would be easier for students that travel on ans off campus everyday to have free access with the bus. I noticed that the transportation fees stayed the same from

last year (when we had the bus) to this academic school yes (without the bus)

We must sustain accreditation no matter what.

No

nAHHH BRAH"If you must break the law do it to seize power, in all other circumstances observe it." -Julius Caesar

Nope (:

We need to come to terms with the budget cuts. Satellite campuses should be the first to go, followed by UAS. Elimination of redundant programs would also contribute to meeting the reality of our reduced budget. Is there any reason whatsoever that there is an English bachelor's program at UAS, UAA, and UAF? That's wholly unnecessary. People have been moving from rural areas to university to pursue their education, and barring that, have used distance education to obtain their

education goals. Alaskans can do the same, even if it is uncomfortable.

no

ASUAF seems more like a student CLUB that gets to spend the money that they take from the students than an actual functioning governmental body. It has been made clear over the last few years that the student government does not represent the true interests of the student body. The student government needs to figure out a way to incentivize qualified individuals to run for office and furthermore hold elections that are competitive! I hope that this dynamic improves in the future because ASUAF has great potential to be a force for the enrichment of the student body.

I have a major issue with the plus minus system at UAF. There should never be a situation where students that receive a c- in a class or classes should have to worry

about financial aid or being on academic probation. As per most university standards a c of any sort is still a passing grade. This system scale needs to be reworked or removed. I think it is absurd that we all have to pay for shuttle use even after 2 years of never using it. I believe it should be like any other transit system that is available. If you are going to use it you can purchase a pass and use it. If not then why fund someone else.

I think mandating students stay on campus may be something that has been outside but it is still a bad idea and should not have been implemented up here. I also believe that by forcing students to stay on campus and then mandating that they have an EXPENSIVE meal plan, that they get to pay for, not only in the loan amount, but in the interest they will be forced to accrue when they may have been able to cover this expense in other ways that will not leave

them paying interest on meals well into their thirties.

na

Get rid of chartwell

The teaching services at the CTC are subpar

at best. One of the professors who taught

Psychology of Development only taught two

lectures the entire semester and made the

students teach the rest (making the quizzes,

presenting material, etc.)

Epstein didn't kill himself

no

Epstien didnt kill himself.

You ROCK!

It's an awesome college.

NA

Club funding has been a great difficulty on

this campus. Funds have been lost and staff

unhelpful.

NO

Thanks for all you do!

I feel ASUAF isn't getting a lot of outreach.

What are you doing? What are you

spending money on? I want to know what's

going on on campus and in our college,

especially when I'm spending so much

money to be here.

Nope!

Not as many candidates as I expected.

No thank you, but I hope I win one of the

three gift cards! Have a merry Christmas! :)

Unequal job expectations and conditions

exist within residence life student job

positions!

no

Allow cannabis on campus

Club funding money should be prioritized

towards getting to student clubs instead of

focusing on continuously rolling over.

Please get us the shuttle tracker back!!!

Also, OPT OUT OPTION FOR MEALPLANS!!

Fix the meal plans Fix the buses Stop firing

teachers and closing programs while

continuing to hire administration Less than 20% of the budget is faculty, closing programs is not the easiest way to fix the budget

The mathematics department is driving students away from UAF, with too much crammed into each class, overwhelming workloads, and not enough time given on tests/exams, something needs to be changed.

In general, Student Government does not seem very accessible to the average student. Most students have no idea who any of you are or what you do, because what you do isn't well publicized. Your website contains outdated information, with people who haven't been in student government for months being listed as senators. I went to a Senate meeting earlier this semester. Only two or three people understood the rules of procedure, causing the meeting to drag on, as people spoke out

of turn, or had to stop to clarify procedure.

In these times, it is crucial that ASUAF remain an active force on campus and in the university system. There are serious problems within the UA system that don't seem to be addressed.
